Competitions, exhibitions	15g	20g
Hair loss season	15g	20g

Indications

H-Care is a product designed to keep your horse mane and tail rich and shining all year round, just like the hair of his hide.

The action of its ingredients begins to be incorporated into the hairs as soon as they form under the skin and continues into full nourishment of the hair as it grows, keeping it flexible, intact and hydrated.

Its administration contributes crucially:

- To the growth of coat size and density
- To improve the gloss and luster of the coat
- In the durability and hydration of the coat
- In the protection against fading of the coat from the sun.

Package

500gr, 1kg -10kg
