**Liquid feed supplement**  
**For high mobility &**  
**extreme competition skills**

**Competition**  
**Health**  
**Mobility**

### Indications

This liquid supplement is suitable for race horses.

Super- AMF properties are the following:

- 1) builds the cartilage matrix.
- 2) increases the Hyaluronate content in the joint.
- 3) acts as joint lubricant.
- 4) helps the joint to withstand constant compression and concussion.
- 5) inhibits the damage of joints.
- 6) synthesizes the connective tissue.
- 7) helps the maintenance of the cartilage matrix.
- 8) protects the joint from synovitis and osteoarthritic cartilage.
- 9) increases the viscosity of the synovial fluid.
- 10) reduces friction between articular surfaces.
- 11) ensures a correct movement of the joint.
